Dear Parents and Carers,

Children's Mental Health Week

As you may be aware that this week is Children's Mental Health week, this years theme is Express Yourself –well done if you joined in with the 'Wear it inside out day' there are some photos of 'wear it inside out' taking place here at school. During this time of lockdown keeping heathy both inside and out can be a real challenge and as part of Children Mental Health Week here are some links to some resources that you can use at home.

Another useful place for resources is:

Our SEN Governor has also identified a website which has lots of useful information for supporting children with additional learning needs or Autism. However, this website contains lots of really useful ideas for all parents -especially where having a daily structure is important.

Parents and Carer Questionnaire

Thank you to everyone that completed the Remote learning questionnaire –we have had a really good number of responses to this. Thank you for all the positive comments about our Remote Learning – I have shared these with the teachers– as well as the suggestions for how we can further develop our Remote Learning. One of the key elements that has been identified through the survey is that many parents and carers would like a blended approach to remote learning with some live lessons and some that are pre-recorded. This does vary across the school with parents of the youngest children indicating that pre-recorded lessons and older pupils preferring more live teaching. We will use this feedback as we move towards further developing our Remote Live Learning. Both Miss Gloag and Miss Burrell have been trialling some live teaching and we will be looking at using their expertise to develop this further.

Well done to Year 3, they have managed to beat nearly every class in school on Times tables Rock stars.

Will they make it a full score ?—they are currently in a battle with Year 6 and it has been neck and neck all week.
