Dear Parents and Carers

Hopefully by now you will be aware that school is closed for half-term week in February for all pupils. School will close at the normal time of 3.00/3.05pm. However, if pupils or staff who have been attending school, test positive for coronavirus (COVID-19) during the holidays, having developed symptoms within 48 hours since being in school, for example school closes Friday at 3.00/3.05pm Covid symptoms (following a confirmed positive Covid test) started before Sunday at 3.00/3.05pm you need to inform Mr Chandler. To do this you must send an email to our Covid email address.

This is: covidalert@thirsk-pri.n-yorks.sch.uk.

This email address will be checked daily between 9.00 and 10.00am. Please leave a message stating pupils name, year group, date of confirmed positive test and when symptoms started along with your contact details. All schools have been asked to assist in identifying close contacts and advising self-isolation, as the individual may have been infectious whilst in school.

The date of Monday 8th March is currently the earliest time where pupils may begin to return to school. At the moment we have no further information about how or if this will happen. As more information becomes available I will share this with you. Typically at this time of year, we are beginning to think about organising our Spring term parents evenings. However, this year this will be postponed and will take place shortly after school reopens. Teachers will then be able to give you useful information about their learning at this point. However in the mean time our school staff will continue to make weekly phone calls, if you do have concerns or worries please share them with your child's teacher so that we can look at how we can support you.

Thank you to everyone that has completed our Remote Learning survey, this runs until the end of the school day on Friday. We will be looking carefully at the feedback provided and using it to further develop our remote learning. We have also updated our Remote Learning policy this is available on the school website in the Home learning area.

If you are struggling with technology, especially hardware, please let the school office know -we may be able to help:)
