

## Welcome Back

It is nice to see everyone back in school and hope you all had a good break and enjoyed the Queens Jubilee weekend.

## Tree Planting

On Thursday 26<sup>th</sup> May pupils throughout the school took part in planting trees and bushes, this formed part of our celebration of the Platinum Jubilee. During the day nearly 300 trees and bushes were planted by pupils and staff. We also welcomed some important visitors including the Mayor and Vice Mayor of Thirsk as well as members of the local council to help plant trees. We hope in time, for this area to become known as the Platinum Wood and be used by pupils for science and as a forest schools area.

## Platinum Celebrations

Also on Thursday, the children took part in a special Platinum Jubilee assembly. Each class presented a decade from the Queens reign starting in the 1950's and finishing at the present day. Along with singing the National Anthem, children shared portraits of the Queen, key events during her reign in each decade as well as cultural trends. The day concluded with a Jubilee disco kindly organised by the School's PTA.

## Class Photographs

If your child has PE on Monday—please send your child to school in their uniform and bring their PE kit ready to get changed into, this is due to the class photo's.

## Trips

Summer term 2 see's a few of our classes out on trips and the last of our Enrichment weeks, which is Sport. We are very happy to say that this terms Enrichment week is fully funded by using our PE premium money. However, this is not the case with all of our other trips—due to the drastic rise in fuel costs—our transport and trips are costing more. Although we do ask for a voluntary contribution—can we please stress, that we do need as many people to contribute as possible to ensure these trips can happen. Thank You

## Attendance

Class	% attendance this week (all pupils)
	All pupils
Reception	99.1%
Year 1	94%
Year 2	90.6%
Year 3	89.1%
Year 4	100%
